## Cambridge FCE

### A Cambridge English certificate is one of the most valuable English qualifications in the world

Cambridge English: First, also known as First Certificate in English (FCE), is an exam for people who need to prove they can use everyday written and spoken English at an upper-intermediate level for work or study purposes.

The FCE exam uses real-life situations to help you communicate more effectively and learn the language skills you need to take the next step to success.

Cambridge FCE is set at Level B2 of the Common European Framework of Reference (CEFR) for Languages. B2 is the level of English needed to: study in English at foundation or pathway level / work in an English-speaking environment / live independently in an English-speaking country.

Globally accepted: A Cambridge FCE certificate is accepted by thousands of employers, universities and government departments around the world.

Cambridge English exams cover all major varieties of English and are designed to be fair to users of all nationalities and linguistic backgrounds.

We offer 3 courses per year that can include the official FCE exam at the end: 9 weeks in January, 13 weeks in March, and 12 weeks in September. As an alternative to ESL in the summer, you may also study FCE for 4, 8 or 12 weeks.

More than 8,500 colleges, agencies and other institutions in over 130 countries accept TOEFL® scores. Other organizations rely on TOEFL scores as well:

- Immigration departments use them to issue residential and work visas
- Medical and licensing agencies use them for professional certification purposes
- Individuals use them to measure their progress in learning English.
